Grey Horse stay in 5th spot despite a good home win against The Seahorse A who themselves drop one place to unlucky 13th as a result and Joe Simpson was on target with a maximum.

Phoenix Tap B continue their poor start with only one point gained at home to the ever improving Border Terrier. The Terrier have a large squad and are rotating successfully across the available players and as a result it's great to see Anth Devlin back on the oche and winning again after a recent spell of illness. Keep it up Anth.

The first draw of the season saw The Red Lion stage a comeback from 4-2 down going into the singles to share the spoils with The Fat Ox in a very enjoyable game brimming with good craic amongst all involved and a special mention in despatches for Bob Ramsden who was solid all night and does it all with a big smile on his face.

The Blue Bell hit a Seahorse B shaped brick wall this week but still grabbed two points and judging by the ton plus stats from the home team it's clear the B team are now moving through the gears as they head up the table.

Tynemouth Club are another side who give all their playing staff a turn out and despite some good darts and a max from Derek Graham they were outplayed by The Lodge B who themselves are coming into some form with lots of ton plus scores and Tommy Norton responded with a 180 for the visitors.

The Victoria stay top of the shop in week 4 with yet another really solid performance against the previously in form Phoenix Tap A. Lots of high standard darts being thrown with Simon Malpass hitting a treble lipstick and Michael Wood taking a 111 out and Arran Samuels with a tidy 18 darter. All of that keeps them clear at the top with a little to spare but can they keep that gap next week?

Last up this week Whitley Lodge A battled for four home points in a tough match against Marden Club. Neither of these have found any real form yet and neither gave anything away so Marden will come away happiest with the result as they move up one place.
